

International Sales Manager (m/w/d)

North Africa / Near and Middle East

After a targeted introduction, you will take over the following tasks:

- Establishment and expansion of our activities in international markets as well as selecting suitable partners and distributors
- Self-sufficient support for our customers and expansion of our customer base
- Planning and execution of product training
- Participation in international trade fairs and events
- Processing of international tenders, both technical and commercial
- International travel (50 %)

Your profil:

- University graduation is not a must, but would be appreciated
- Successful education in a technical profession, preferably in the gas / water sector
- Proven international experience in selling technical equipment, machines, complete systems or comparable products
- High willingness to travel
- English and French spoken and written, German and other foreign languages are welcome (Arabic)
- Confident working with Microsoft Office
- Strong communication skills
- Customer and solution-oriented approach
- Confident and self-motivated

Benefits:

- A responsible job in which you can fully contribute your entrepreneurial, sales and technical skills
- Interesting tasks in an international environment
- Attractive contractual framework conditions and modern technical equipment
- A representative company car, also for private use
- Diverse offers for your ongoing professional and personal development

SebaKMT is a world-renowned developer and manufacturer of measurement technology for leak detection in drinking water distribution networks. For over 60 years we have been a partner of all major water suppliers and make an important contribution to reducing water losses. SebaKMT has been part of the British Megger Group since 2012. Together, the companies now offer a unique range of test equipment for utility networks and have a global presence.
